

Glasswashers

Satisfy your thirst for smudge-free glasses.

Warewashing Systems

Why Jackson Glasswashers?

At Jackson, we believe you should never have to pay extra for the performance features you really need. That's why, unlike other manufacturers' equipment, our glasswashers come standard with everything you need for superior cleaning and water- and energy efficiency, as well as other helpful features such as built-in chemical pumps and easily accessible controls for foolproof operation and performance. With their competitive price, Jackson glasswashers are the best glass washing values in the industry.

Delta® 1200 / 115

Get sparkling results fast on our high-speed carousel

Resource Efficient

- Lower water usage reduces utility and chemical costs
- Efficient 1/10-HP motor reduces electrical use

Exceptional Performance

- Cleans 1,200 glasses per hour
- 12" glass clearance improves capacity and helps prevent taller mugs, stemware and glasses from falling over
- All stainless steel wash/rinse arms, end caps and manifold (no plastic) for durability
- Composite rotary conveyor resists corrosion, prevents damage and chipping to glassware

Easy to Install, Operate and Maintain

- Single-switch operation
- Easy-to-remove stainless steel scrap screens
- Re-positioned controls for chemical pump priming and adjustment
- Convenient chemical storage for three one-gallon containers
- Easy, side access to vacuum breakers without the use of tools
- Virtually all components are front-accessible for ease of service
- Hot or cold water final rinse allows customer to choose either chlorine – or iodine – based sanitizing agents
- Available in both 208 and 115 volt models

Chemical storage inside machine

High volume capacity

Choose either our versatile Delta 5-E model that cleans both glasses and dishes, or our high-speed Delta 1200 / 115 carousel models. Our warewashing specialists will help you determine the perfect model to suit your needs.

Delta® 5-E

Discover a glasswasher that's also a dishwasher

Resource Efficient

- ENERGY STAR® qualified
- Uses only 1.16 gallons per cycle

Exceptional Performance

- Approved by NSF as both a glasswasher and a dishwasher
- Cleans 40 racks (1,440 glasses) per hour
- 11-1/2" clearance accommodates taller mugs, stemware and glasses
- Sustaining heating element maintains proper water temperatures
- Built-in scrap accumulator prevents drain from clogging

Accommodates glasses up to 11-1/2" high

Easy to Install, Operate and Maintain

- Easily accessible, side panel controls
- Built-in chemical pumps and priming switches
- Powerful 1 HP wash pump motor
- Specially designed racks for a wide range of uses
- Dial temperature gauge for constant temperature monitoring
- Air gap design eliminates potential contamination and service calls
- Delime/manual wash switch
- Easy-to-clean wash arms with removable end plugs
- Durable stainless steel construction
- Adjustable bullet feet

Air gap eliminates possible water leaks

Complimentary Performance & Installation Check

From the very beginning, Jackson is there to ensure your equipment is working to its full potential. At the time of installation, our Jackson Authorized Service Agent (ASA) will run the machine to verify that all electrical, water, and drain hookups are correct, the machine turns on and off, there are no leaks, and the pumps are rotating in the proper direction. If the installation is performed by anyone other than a Jackson ASA, we recommend that the customer contact Jackson Technical Service to schedule our Performance and Installation Check. After the installation is powered and plumbed, this complimentary Jackson service verifies the installation; checks and adjusts temps, cycle times, and parts; and evaluates all the operation/performance capabilities of the unit.

About Jackson

Jackson WWS, Inc. is a full-line supplier of high-quality commercial dishmachines including flights, conveyors, door-types, glasswashers and undercounters. Founded in 1925, Jackson stands by their “Clean the First Time[®]” commitment with dishmachines that deliver optimal cleaning performance while reducing labor, chemical and utility costs. With more standard features, lower operating and acquisition costs and our network of factory-certified technicians, Jackson sets the standard for warewashing. For more information about Jackson and its full line of warewashing solutions, please visit www.jacksonwws.com or call 1.888.800.5672.
