# Technical Service Bulletin

**Date:** 3/13/17

**Jackson WWS Service Bulletin No:** 2017-1-SB

**Subject:** Approved Alternate for Control Relay 05945-111-72-51

**Models Affected:** **AJ, AJX, and RackStar Conveyor Dishmachines**

**Purpose:** Provide information and instructions concerning Jackson approval of alternate control relay for Jackson AJ, AJX, and RackStar Model Conveyor Dishmachines

Jackson has approved the use of side-mount-style control relay for replacement of current top-mount-style in all instances of use. Side-mount control relay kit 06401-004-44-60 is a direct replacement. **NOTE:** Terminal numbers and wiring are the same between both top-mount and side-mount relays.

## For Service Purposes:

- Replacing top-mount relay 05945-111-72-51 with side-mount relay kit 06401-004-44-60:
  - Remove and discard old top-mount relay and replace with new side-mount kit. **NOTE:** The kit is a direct replacement.
  
- Replacing side-mount relay kit 06401-004-44-60 with top-mount relay 05945-111-72-51.
  - Remove alternate side-mount relay kit 06401-004-44-60 and replace with top-mount relay 05945-111-72-51. **NOTE:** Top-mount relay is a direct replacement for the side-mount relay kit.

Top-mount relay 05945-111-72-51 is Jackson's primary and all orders received for P/N 05945-111-72-51 will temporarily be filled with 06401-004-44-60 at the same price.

Please contact Jackson Technical Services at 1-888-800-5672, or email [customer.service@jacksonwws.com](mailto:customer.service@jacksonwws.com) for further information or assistance.

Thank You,  
Greg Fugate
