- Field convertible from straight-through to corner and vice versa (requires purchase of false panel kit)
- Powerful 1 HP stainless steel pump motor

**Experience DYNAMIC  
Performance with the  
DynaStar VER!**

# DynaStar® VER

## Cleanability

Our triple wash arm is engineered to focus more water on the dishes for superior cleaning performance. Our adjustable rinse system keeps you in control - choose Econo or Turbo based on the soil level of each load.

## Operation

Ventless means virtually no steam is released into the dishroom. Easy-to-read digital controls, a full wrap tubular handle, and a door-activated drain closure make operation of the DynaStar VER a breeze.

## Serviceability

Ease of serviceability is important to Jackson, so the DynaStar VER was designed to make service access easy.
