Clean the First Time®
with the NXP-HTD!

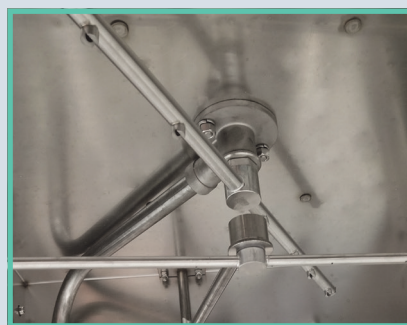

NXP-HTD

The NXP-HTD is a basic, high temperature sanitizing dishmachine that comes at a great price point, for an easy step-up from a low temp to a high temp machine. We call it basic, but it's far from that! It comes loaded with features like a built-in booster heater with Sani-Sure™ final rinse system, delime cycle, vent fan control, digital LED display, hi-limit thermostat with low water protection, and more! It's super simple to operate, and provides *Clean the First Time*® results!
